IMPORTANT INFORMATION

**Specifications, information and products featured in this catalogue are subject to change.
Contact us for up to date information.**

Products displayed are not actual size and the logos used are for reference only to illustrate branding options.
They are the property of their owners and represent no endorsement of this brochure or its content.

Product colours illustrated are matched as closely as the print process will allow and should be considered to be approximate.
Actual product colours can also vary from shipment to shipment and this is beyond our control. Always ask to see a sample to ensure the product colour and the product itself are suitable for the intended purpose as we do not accept returns due to minor colour variations or the product being deemed unsuitable once it is delivered.

All lead times quoted are approximate and can be affected by various factors.
Please ask for accurate delivery information when placing an order.

Primo Metal Drink Bottle

Code: 110753

Description: Large 900ml stainless steel drink bottle which features a secure screw on lid with a carry handle. The lid also features a silicone outer ring for improved grip and the option of adding a smart full colour resin coated logo on the top. Primo has an extra large bottle opening which is ideal for adding ice cubes.

Eco Safe: Stainless steel does not require a plastic liner ensuring a chemical and odour free beverage. It has an indefinite lifespan which keeps your logo in the public arena for longer and also helps to limit the use of disposable plastic bottles that can end up polluting the environment. All materials used are recyclable and BPA free.

Branding Options:

• Pad Print • Screen Print • Resin Coated Finish • Laser Engraving

Primo Drink Bottle

Code: 109992

Description: Large 900ml translucent drink bottle manufactured from BPA free Tritan co-polymer which is impact resistant, odour resistant, dishwasher safe and shatter proof. It features a secure screw on lid with a silicone outer ring for improved grip and the option of adding a smart resin coated logo on the top. Primo's extra large bottle opening is ideal for adding ice cubes and it also has a handy carry handle.

Branding Options:

• Pad Print • Screen Print • Resin Coated Finish

Notebook Water Bottle

Code: 109941

Description: 500ml futuristic water bottle which is shaped like a notebook and is manufactured from PS with a secure leak proof screw on lid. It slides easily into bags alongside books, laptops, folders etc. and can also be conveniently carried in one hand along with a tablet or notebook.

Branding Options:

• Pad Print • Direct Digital

Optional Gift Box

Atlanta Eco Safe Drink Bottle

Code: 108539

Description: Timeless contour designed 700ml food grade stainless steel drink bottle with a choice of three lid styles, all of which can be supplied with an optional carabiner and an optional gift box. It laser engraves to a natural etch.

Eco Safe: Stainless steel does not require a plastic liner ensuring a chemical and odour free beverage. It has an indefinite life span which keeps your logo in the public arena for longer and also helps to limit the use of disposable plastic bottles that can end up polluting the environment. All materials used are recyclable and BPA free.

Choose Your Lid Style:

Flip Valve Lid
(including drinking straw)

Carabiner Lid

Sipper Lid

Ice Drink Bottle

Code: 111451

Description: Ice Drink Bottle will keep drinks cool with its unique double wall construction which features an inert polymer gel between the walls. Before use simply put the bottle in a freezer to freeze the gel and fill the bottle with a pre-chilled beverage. The bottle has a secure screw on lid with a flip drinking valve and straw along with a decorative soft touch rubber insert.

Branding Options:

• Pad Print • Screen Print • Rotary Digital Print

Cooling Mist Drink Bottle

Code: 112789

Description: Radical 550ml drink bottle with a carry handle and a unique misting spray pump. It is manufactured from BPA free Tritan co-polymer which is impact and odour resistant, dishwasher safe and shatter proof. The secure screw on lid has a threaded flip closure which locks into the handle when drinking from it. While it is a conventional water bottle, the built in spray pump gives it a personal cooling function which is ideal for staying cooler during hot weather. The user simply sprays a fine water mist on their face and body to harness the incredible cooling power of rapid evaporation. As the mist evaporates it draws heat from the body and provides cooling relief. Use the Cooling Mist bottle at regular intervals to provide ongoing cooling even on the hottest day.

Lumen Light Bulb

Code: 112391

Description: Battery operated light bulb with a long cord which is ideal for illuminating places that do not have a regular power supply. Simply hang it in place with the cord and pull down on the bulb to activate. It is ideal for cupboards, wardrobes, outside sheds, camping, horse floats or any place that needs light. It uses three AAA batteries which are included.

Branding Options:

- Pad Print

Beacon COB Wall Light

Code: 112972

Description: Powerful battery operated light for illuminating places that do not have lighting or a regular power supply. It has a strong adhesive pad on the back for securing it in place and is ideal for cupboards, wardrobes, outside sheds, huts, horse floats or any place that needs light. Beacon uses radical COB (Chips on Board) technology to produce much more light intensity than conventional lights but draws a lot less current which dramatically increases battery life. Multiple LED diode chips are bonded directly to a circuit board (which is usually yellow) to form an incredibly bright light module. It uses four AAA batteries which are included.

Branding Options:

- Pad Print

Auto Safety Light

Code: 112558

Description: Powerful three function vehicle safety light with a strong magnetic base which allows it to be attached to a vehicle that is parked or immobilised on the side of the road at night. It has a powerful torch with nine LED's, a red warning light, a red flashing light and it uses three AAA batteries which are included.

Branding Options:

- Pad Print • Laser Engraving

Blaze Flashlight Lantern

Code: 110503

Description: A dual purpose flashlight which converts into a lantern. It has a handy wire handle and laser engraves to an oxidised white colour. It runs on three AAA batteries which are not included.

Branding Options:

- Pad Print • Laser Engraving

Aurora COB Lantern

Code: 112193

Description: Extremely bright lantern that is powered by three super bright light modules. It uses radical COB (Chips on Board) technology which produces much more light intensity than conventional lights yet draws a lot less current and dramatically increases battery life. Multiple LED diode chips are bonded directly to a circuit board (which is usually yellow) to form an incredibly powerful light module. Simply pull the lantern open to operate and close to turn the light off. It has two handles for carrying or hanging it with which fold away when not in use and it uses three AAA batteries which are included.

Branding Options:

- Pad Print

Avanza Lamp

Code: 112534

Description: Compact personal multifunction lamp that folds away when not in use with the adjustable cable doubling as a handy loop for attaching it to a bag or hanging it up. Because of its portability it can be used almost anywhere and is perfect for places where a good light source is not available. It has six powerful LED's with two light intensity settings and it will also flash so it can be used as a safety or warning light. Avanza uses three AAA batteries which are included.

Branding Options:

- Pad Print • Direct Digital

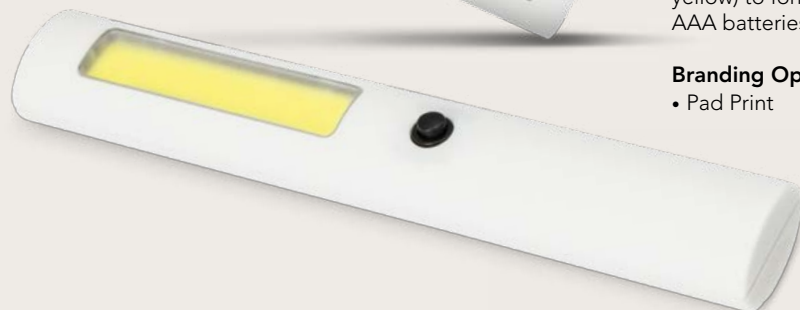

Glare Magnetic Cob Light

Code: 112386

Description: Super bright light wand that has a magnet for attaching it to a fridge or other metal surfaces so it is always at hand. It uses radical COB (Chips on Board) technology which produces much more light intensity than conventional lights yet draws a lot less current which dramatically increases battery life. Multiple LED diode chips are bonded directly to a circuit board (which is usually yellow) to form an incredibly powerful light module. Glare uses three AAA batteries which are included.

Branding Options:

- Pad Print

Cap Light

Code: 112390

Description: Cap Light clips securely to the visor of almost any cap and converts it into a bright head light. It uses radical COB (Chips on Board) technology which produces much more light intensity than conventional lights yet draws a lot less current which dramatically increases battery life. Multiple LED diode chips are bonded directly to a circuit board (which is usually yellow) to form an incredibly powerful light module. The angle of the beam can be adjusted up or down and it uses three button cell batteries which are included along with a simple instruction leaflet.

Bahama Beach Umbrella

Code: 113112

Description: Large 102cm, eight panel beach umbrella with a showerproof polyester canopy which has a reflective silver lining that complies with the UPF 50+ standard for sun protection. Bahama features a powerful frame supported by solid 3.2mm steel ribs and a steel mechanism to prevent it from blowing inside out. It has a slide out painted steel shaft with a rounded point for pushing into sand or soft ground and the lock allows the length to be adjusted as required. The lower part of the shaft slides easily back into the upper shaft when not in use and the umbrella folds down to fit into its compact carry case which has a handy shoulder strap.

Branding Options:

- Screen Print • Digital Transfer

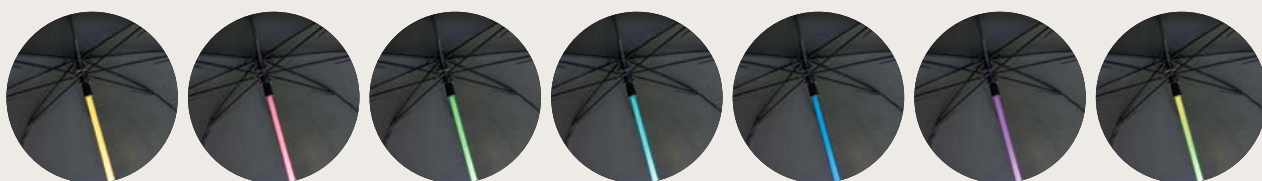

Light Sabre Umbrella

Code: 113154

Description: Stay dry and safe anywhere in the Universe with the Light Sabre Umbrella. This futuristic safety umbrella has a super bright LED shaft which lights up with multiple colours at night to ensure the user can be seen. It also features a handy flashlight in the base of the comfortable handle. The 58cm canopy is manufactured from smooth 190T showerproof pongee. It has an eight rib spring loaded metal and fibreglass frame which prevents damage to the umbrella if it is blown inside out. Other features include smart gun metal tips, a Velcro tie and a slip on pongee carry sleeve.

Branding Options:

- Screen Print • Digital Transfer

Swiss Peak Traveler 53cm Umbrella

Code: 110002

Description: Stay dry with this compact three stage Swiss Peak umbrella which features automatic opening and closing and is thoughtfully presented in a printed gift tube. It has a wind proof 53cm pongee canopy along with a chromed aluminium shaft, fibreglass ribs and a carry pouch.

Branding Options:

Swiss Peak Tornado 58cm Umbrella

Code: 110011

Description: Premium 58cm dual layered pongee storm umbrella with automatic opening which is presented in a Swiss Peak gift tube. Tornado has a robust metal shaft with a fibreglass frame and a soft touch rubber lacquered handle.

Branding Options:

- Screen Print • Digital Transfer

Skyro Inverted Umbrella

Code: 109988

Description: Totally unique, inverted 59cm umbrella with a double canopy which is manufactured from high quality 190T showerproof pongee material. It features flexible fibreglass ribs which wind proofs the canopy along with a strong metal shaft and it will conveniently stand upright on its plastic tips when not in use. This is the umbrella of the future with a revolutionary new design which enables the wet canopy to close inwards leaving a dry, non drip outer layer. Skyro will open or close "inside out" through a building or car door while the user remains dry inside.

Branding Options:

- Screen Print • Digital Transfer

Sheraton Compact Umbrella

Code: 107938

Description: Unique three fold 54cm, eight panel folding umbrella featuring both auto opening and auto closing. Has a high quality 190T pongee showerproof canopy with matching carry sleeve and folds down to a very compact 28cm when not in use. The eight rib frame is constructed from metal with fibreglass added to ensure it is flexible and windproof. Other features include a three stage expanding metal shaft with plastic and leather look hand grip, metal tips, a Velcro tie and hand strap.

Branding Options:

- Screen Print • Digital Transfer

Trident Sports Umbrella - Colour Match

Code: 109136

Description: Auto open 76cm, eight panel sports umbrella manufactured from rugged 190T showerproof fabric. Cooling Mist Drink Bottle

Code: 112789

Description: Radical 550ml drink bottle with a carry handle and a unique misting spray pump. It is manufactured from BPA free Tritan co-polymer which is impact and odour resistant, dishwasher safe and shatter proof. The secure screw on lid has a threaded flip closure which locks into the handle when drinking from it. While it is a conventional water bottle, the built in spray pump gives it a personal cooling function which is ideal for staying cooler during hot weather. The user simply sprays a fine water mist on their face and body to harness the incredible cooling power of rapid evaporation. As the mist evaporates it draws heat from the body and provides cooling relief. Use the Cooling Mist bottle at regular intervals to provide ongoing cooling even on the hottest day.

Optional Carabiner Tube

Yeti Premium Cooling Towel

Code:

- 110093 - Yeti Cooling Towel
- 110464 - Yeti Cooling Towel - Full Colour
- 111936 - Carabiner Tube

Description: Incredible towel which is manufactured from a 50/50 blend of nylon and polyester. Premium cooling towels have 50% nylon content and will cool faster than similar products made from 100% polyester or Dacron. Nylon fibres completely repel water which evaporates much faster when it contacts them. Yeti will cool up to 15 degrees below the outdoor temperature in seconds by harnessing the power of this rapid evaporation. To activate it, simply wet the towel, wring it out and snap it tight to remove excess water. It is worn around the neck or head and natural, chemical free cooling will last as long as the towel remains wet. Yeti is ideal for use when playing sports, jogging, walking, biking, at the gym, working outdoors etc. It can also be used as a regular gym towel and is presented in a re-sealable storage pouch or an optional carabiner tube, both of which include full instructions.

Branding Options:

- Screen Print • Sublimation Print • Pad Print (Carabiner Tube)

Active Cooling Sports Towel

Code:

- 112971 - Active Cooling Sports Towel
- 113177 - Active Cooling Sports Towel - Full Colour
- 111936 - Carabiner Tube

Description: Polyester cooling towel which can also be used as a handy sports or gym towel. It will cool up to 15 degrees below the outdoor temperature in seconds when wet. Simply wet, wring out and snap tight to remove the excess water. Cooling will last as long as the towel remains wet and it is a natural, chemical free reaction. The fabric is constructed to maximise the cooling power of rapid evaporation and the towel is worn around the neck or head to stay cooler for longer. Active is ideal for use when playing sports, jogging, walking, biking, at the gym, working outdoors etc. It is presented in a waterproof re-sealable storage pouch or an optional carabiner tube, both of which include full instructions.

Branding Options:

- Screen Print • Sublimation Print • Pad Print (Carabiner Tube)

Active Cooling Sweat Band

Code: 112978

Description: Futuristic lightweight head sweat band that uses cooling towel technology. It remains comfortable to wear even in the most demanding situations as well as providing a cooling effect when it is wet. Active has a unique dual layer construction that wicks moisture quickly from the inner layer to the outer layer where it rapidly evaporates. The inner layer is manufactured from soft moisture wicking polyester and the outer layer is a nylon/polyester blend. Nylon fibres completely repel water which evaporates much faster when it contacts them and will cool up to 15 degrees below the outdoor temperature in seconds. Active is presented in a waterproof re-sealable storage pouch with full instructions.
